

KarmaLife Golang Developer Intern

Location: Bangalore, India (remote)
Internship length: 6 months
Internship start date: ASAP

Summary

Karmalife is a fintech startup looking for eager interns to support our growing business needs for 2020-2021. We are looking for motivated and talented individuals to join our team to fill gaps in backend application development. This opportunity will also better prepare you for your career in full-stack development.

As an intern, you will be working closely with a supervisor and other colleagues who will provide you with real hands-on projects and daily tasks. Interns will be able to apply classroom-based knowledge to projects and gain essential workplace skills needed to be career ready. KarmaLife is dedicated to developing successful leaders, and we strive to make this internship as realistic and informative as possible.

Job Duties and Responsibilities

- Completion of backend application development module in Golang
- Integration with third party service provider interfaces
- Understand application stack and flow with minimal training
- Independently handling a backend module

Qualifications and Skills

- Well-versed in GOLANG development
- Good knowledge of MongoDB
- Basic understanding of HTTP protocol and error codes
- Basic knowledge of REST APIs
- Ability to work independently and remotely, i.e. have a laptop and a quiet space
- Experience working with a team
