

UNIVERSITY OF
CAMBRIDGE
Judge Business School

The **Cambridge** MBA

TAP INTO THE CAMBRIDGE MBA TALENT POOL

YOUR OPPORTUNITIES

The University of Cambridge Judge Business School MBA Programme attracts experienced and talented professionals from a very diverse industry spectrum.

We have a class of 221 students (43% of students are women), with diverse and global backgrounds, six years' average experience and a median GMAT of 689.

In keeping with our rich diversity this class continues to be an exceptional talent pool that your organisation can tap into to meet your internship/recruitment needs.

Hire an intern

Our MBA students work on internships/individual projects from late June to early September for 6-8 weeks. These are part of the MBA programme and therefore do not call for any further visa requirements.

Please post your internship directly on our [Online Careers Centre](#), or contact the CJBS Careers team at careers@jbs.cam.ac.uk and we would be happy to promote the internship for you.

Recruit an MBA

The CJBS Careers Team works closely with industry professionals to provide our students with job opportunities, and employers with access to our high-calibre students. Connecting with us allows companies to raise their profile and promote the latest opportunities to MBA students. Individual profiles of each class member can be viewed in the 2021 MBA Profile Book. You can access this via our [Online Careers Centre](#), or connect with us at careers@jbs.cam.ac.uk.

Showcase your company on campus

From October to the end of June we run a select programme of company presentations for students online and in person where possible. Presentations take place at lunchtimes or in the early evening. Should you be interested to present to the MBA class, please contact the CJBS Careers Team at careers@jbs.cam.ac.uk.
