

The Cambridge Executive MBA 2023 programme schedule*

The Cambridge Executive MBA is a 20-month programme delivered over 15 weekends and five week-long sessions, across five terms. It is designed so that you can continue working whilst earning a Cambridge degree. The programme requires only 34 days out of the office over the 20-month period. The Cambridge Ecosystem in June 2024 is optional and would require an extra three days out of the office. Between study periods in Cambridge, participants are fully supported and engaged in the programme through the online learning environment (Learn), our online learning platform.

After graduation, Executive MBA alumni have the chance to return to Cambridge every year to take one elective alongside current EMBA participants. This is a valuable opportunity for alumni to keep abreast of the latest research and thinking, catch up with former classmates and make new connections across the EMBA alumni network.

After graduation, the Executive MBA continues to equip alumni with the knowledge and skills to become more effective managers and leaders. We offer our alumni opportunities to keep abreast of the latest research and thinking and to catch up with former classmates.

A typical weekend schedule for the programme is provided below. Teaching sessions begin in the morning on Friday, with the final session finishing late afternoon on Saturday.

As part of the assessment for the Executive MBA you are required to sit examinations. These generally take place on specific Friday mornings and are likely to require you to be here earlier on those days. The examination dates will be provided when you start the programme.
