

## EPRG Energy & Environment Seminar Programme Michaelmas Term 2021

## Tuesdays at 2-3pm

Online-only events this term – please contact EPRG Administrator (eprgadm@hermes.cam.ac.uk) for details

5 October	<b>Beth Moon</b> (Ofgem) <i>Using online experiments to optimise electricity customer communications</i>
12 October	<b>Niall Farrell</b> (Economic and Social Research Institute, Dublin)  Inefficient retail electricity tariffs: Welfare losses and implications for distributed energy resource deployment
19 October	<b>John Miles</b> (Cambridge University) <i>Hydrogen: Will it become the energy vector of choice for UK transport and heating?</i>
26 October	<b>Magnus Soederberg</b> (Halmstad university, Sweden) <i>Does published</i> research influence policy outcomes? The case of regulated electricity networks in Western Europe
2 November	<b>Lucrezia Nava</b> (EPRG, Cambridge University) <i>The grasshopper and the ant: Explaining the organization adaptive responses to climate change</i> (NOTE: starts at 12:30-14:00)
9 November	<b>Kenneth Gillingham</b> (Yale University) <i>The heterogeneous value of solar and wind energy: Empirical evidence from the US and Europe</i>
16 November	<b>Lukas Gast</b> (EPRG, Cambridge University) <i>Material production in a net zero system: An overview</i> (NOTE: starts at 12:30-14:00)
23 November	Erin Blanton (Columbia University) The carbon-neutral LNG market:

Seminar organizer: Robert Ritz (<u>rar36@cam.ac.uk</u>)

Creating a framework for real emissions reductions
